Cookies

A cookie is a small text file that is stored on a user's computer for record-keeping purposes. We use cookies on this Platform. We do link the information we store in cookies to any personally identifiable information you submit while on the Platform.

We use both session ID cookies and persistent cookies. We use session cookies to make it easier and secure for you to navigate the Platform. A session ID cookie expires when you close your browser. A persistent cookie remains on your hard drive for an extended period of time. You can remove persistent cookies by following directions provided in your Internet browsers "help" file. Reference for cookies can be found at <http://www.cookiecentral.com> (<http://www.cookiecentral.com/>)

We use session cookies to store the secure session and browsing preferences of the user. We set a persistent cookie to store your username and interests so you don't have to enter it more than once. Persistent cookies also enable us to track and target the interests of our users to enhance the experience on the Platform.

If you reject cookies, you may still use the Platform, but your ability to use some areas of the Platform, will be limited. Cookies are used in the shopping bag to enable enhanced security and to ensure there is no URL based spamming.

Unless you voluntarily identify yourself (through registration, for example), we will have no way of knowing who you are, even if we assign a cookie to your computer. The only personal information a cookie can contain is information you supply (an example of this is when transact as a guest or add items to shopping bag). A cookie cannot read data off your hard drive.

Some of our business partners (e.g., advertisers) set cookies while delivering banners on the Platform. We have no access to or control over these cookies. This privacy statement covers the use of cookies by the Platform only and does not cover the use of cookies by any advertisers. We do use cookies on point of collection pages of email address but we do not use them in emails.

Our web servers automatically collect limited information about your computer's connection to the Internet, including your IP address, when you visit the Platform. (Your IP address is a number that lets computers attached to the Internet know where to send you data -- such as the web pages you view.) Your IP address does not identify you personally. We use this information to deliver our web pages to you upon request, to tailor the Platform to the interests of our customers, to measure traffic within the Platform and let advertisers know the geographic locations from where our visitors come.

The Platform includes links to other websites. Such websites are governed by their respective privacy policies, which are beyond our control. Once you leave our servers (you can know where you are by checking the URL in the location bar on your browser), use of any information you provide is governed by the privacy policy of the operator of the website you are visiting. That policy may differ from ours. If you can't find the privacy policy of any of these websites via a link from the website's homepage, you should contact the website directly for more information.

Voluntary disclosure of information.

Supplying personally identifiable information is entirely voluntary. You are not required to register with us in order to use the Platforms. However, we offer some services only to visitors who do register

You may change your interests at any time and may opt-in or opt-out of any marketing/ promotional/ newsletters mailings. SSL reserves the right to send you certain service related communication, considered to be a part of your Platform account without offering you the facility to opt-out. You may update your information and change your account settings at any time.

We provide you with the opportunity to opt-out of having your email address used for certain purposes, when we ask for this information. For example, if you purchase a product/ service but do not wish to receive any additional marketing material from us, you can indicate your preferences. If you no longer wish to receive our newsletter and promotional communications, you may opt-out of receiving them by selecting your preferences in "My Account". If you still face an issue then you may mail us at customercare@shoppersstop.com

(mailto:customercare@shoppersstop.com).

If your personally identifiable information or email address change, or if you no longer desire our service, you may correct, update, delete or deactivate it by emailing our Customer Support Mail at customercare@shoppersstop.com (mailto:customercare@shoppersstop.com)

Upon request, we will remove/ block your personally identifiable information from our database, thereby canceling your registration. However, your information may remain stored in archive on our servers even after the deletion or the termination of your account.

If we plan to use your personally identifiable information for any commercial purposes, we will notify you at the time we collect that information and allow you to opt-out of having your information used for those purposes.

What security procedures are in place to protect information from loss, misuse or alteration?

To protect your privacy and security, we will verify your identity before granting access or making changes to your personally identifying information. If you have registered your profile on the Platform, your Platform ID and Password are required in order to access your profile information.

To protect against the loss, misuse and alteration of the information under our control, we have in place appropriate physical, electronic and managerial procedures. For example, our servers are accessible only to authorized personnel and your information is shared with respective personnel on need to know basis to complete the transaction and to provide the services requested by you.

Although we will endeavor to safeguard the confidentiality of your personally identifiable information, transmissions made by means of the Internet cannot be made absolutely secure. By using this Platform, you agree that SSL and/or GSSB will have no liability for disclosure of your information due to errors in transmission or unauthorized acts of third parties

We follow generally accepted industry standards to protect the personal information and email addresses submitted to us, both during transmission and once we receive it. No method of transmission over the Internet, or method of electronic storage, is 100% secure, however. Therefore, while we strive to use commercially acceptable means to protect your personal information and email address, we cannot guarantee its absolute security

If you have any questions about security on the Platform, you can send Mail at customercare@shoppersstop.com (mailto:customercare@shoppersstop.com)

All information gathered on the Platform is securely stored within the SSL controlled database. The database is stored on servers secured behind a firewall; access to the servers is password-protected and is strictly limited. However, as effective as our security measures are, no security system is impenetrable. We cannot guarantee the security of our database, nor can we guarantee that information you supply will not be intercepted while being transmitted to us over the Internet and, of course, any information you include in a posting to the discussion areas is available to anyone with internet access.

However the internet is an ever evolving medium. We may revise this Privacy Policy from time to time to incorporate necessary changes. Of course, our use of any information we gather will always be consistent with the policy under which the information was collected, regardless of what the new policy may be.

We use third-party advertising companies to serve ads when you visit the Platform. These companies may use information (not including your name, address, email address or telephone number) about your visits to this and other websites in order to provide advertisements about goods and services of interest to you.

In accordance with Information Technology Act 2000 and the rules made there under, the name and contact details of the Grievance Officer are provided below:

How Can You Correct Inaccuracies In The Information?

To correct or update any information you have provided, the Platforms allow you to do it online. Policy updates We reserve the right to change or update this policy at any time by placing a prominent notice on the Platform. Such changes shall be effective immediately upon posting to this Platform.

If we decide to change this Privacy Policy, we will post those changes to this privacy statement, the homepage, and other places we deem appropriate so that you are aware of what information we collect, how we use it, and under what circumstances, if any, we disclose it. We reserve the right to modify this privacy statement at any time, so please review it frequently. If we make material changes to this policy, we will notify you here, or by means of a notice on our homepage.

If we decide to make changes in our email practices, we will post those changes to this privacy policy, the homepage, and other places we deem appropriate so that you are aware of what information we collect, how we use it, and under what circumstances, if any, we disclose it.

You can offer your views, suggestions, if any, by submitting the filled in feedback form online.

Secure Shopping

Shopping on the Platform is 100% safe. We use industry standard secure systems to protect your personal and payment information. For your safety, we do not store your complete credit card details or payment information in our systems, and this is directly transmitted securely to the bank for payment processing.

SSL is concerned about the safety and security of our customers. Accordingly, we have put a number of technological protections in place to ensure that our transaction process is extremely safe and that our customers' information is secure. For enhanced security SSL and/or GSSB does not store any financial information on its servers. All such information entered by you is directly received by our Banks servers and are then transmitted to your banks servers. All this is done through industry standard encryption protocol known as Secure Socket Layer (SSL). Majority of online transactions are completed without incident. However, please keep in mind that customer protection is a two-way street. When buying on any online venue, caution must always be practiced. Following are some guidelines that you should follow to ensure safe and secure online shopping experience.

Safety and Security Tips

Protect your passwords.

If using a public computer or terminal, always log out when you complete an online session.

Keep your passwords private. Remember, anybody who knows your password may access your account.

When creating a valid password, use letters and numbers only and it should be 6-15 characters long. -A combination of letters and numbers is best. Do not use dictionary words, your name, e-mail address, or other personal information that can be easily obtained. It is also recommended that you frequently change your password.

Avoid using the same password for multiple online accounts. Be wary of unsolicited e-mail and telephone contacts.

SSL and/or GSSB will never e-mail or call a customer and ask that they disclose or verify their Platform password, credit card, or banking account number. Such information should only be submitted on the web page forms, when completing an order on the Platform or when making updates to Your Account areas and never on phone or e-mail to us. If you receive a suspicious e-mail with a link to update your account information, do not click on the link--instead go directly to <https://www.shoppersstop.com> and then to your account.

If you are contacted by, or receive an unsolicited e-mail from an unknown entity impersonating as SSL and/or GSSB or any of its sister concerns or associates, and are asked to confirm or provide your password or personal or banking information, simply disregard the request and report the incident to SSL and/or GSSB for investigation.

Customers should always carefully review order and shipment confirmation e-mails to ensure that they are legitimate and have been sent by SSL and/or GSSB. To do this, simply cross-reference confirmation e-mails with the transaction history found in your account area. If you receive shipment confirmation e-mail for a transaction you have not done, report the incident to SSL and/or GSSB.

A word of caution is that never disclose any confidential information such as password in any communication with us or with any of our employee. SSL and/or GSSB will never ask for such information over e-mails or phone.

If you receive an e-mail asking for personal details such as password never respond to it.

A phishing email will normally have a tone of urgency- like "Your account will be temporarily suspended" and therefore please "Login to keep your account active:- Please remember SSL and/or GSSB will NEVER send such emails to its customers.

If you are doubtful about the credibility of the email, please DO NOT click on any link provided in the email. This may trigger malicious codes being installed on your PC. You must report the incident to SSL

If you receive a suspected spoofed SSL and/or GSSB e-mail, or discover a fake Shoppersstop.com website/ app, please report the incident to us.
